

This course is intended to make the worker aware of both the employer and the employee's responsibilities under the Occupational Health and Safety Act, Regulation, and Code (OH&S). This course has been designed to help you meet all regulatory and government requirements including the Alberta Occupational Health and Safety Code.

This **two-hour** course is part of the THRIL certificate program series, developed by Gemini and well-known, highly respected industry professionals. THRIL certificates are designed to easily and inexpensively obtain essential training that leads towards recognized certification and qualifies for compulsory certification maintenance points to preserve ROH and CRSP designations.

On completion of this course you will be able to:

- Explain who is a Competent Worker,
- Explain the obligations under the Act of the Employer and the Worker,
- Explain when there is a need for a Prime Contractor,
- Locate, interpret, and explain parts of the OH&S Code relevant to employees and contractors,
- Describe the OH&S requirements for hazard assessment,
- Describe the contents of an emergency response plan as outlined in the OH&S,
- List the topics covered in the OH&S Code Book regarding general safety precautions,
- Explain the duty to use personal protective equipment,
- Describe the employer's obligations regarding training and incident response,
- Describe employer obligations for training, and
- Explain safe work practices for electrical utilities and power producers.

THRIL assessments are also available for all THRIL courses ideal for learners that wish to challenge the course for recertification purposes.
