

Alberta OH&S Awareness *Online!*

Provincial legislation is designed to protect the rights of employees. The purpose of these legislative programs is to prevent accidents and injuries. Companies are required to know and abide by all safety standards to protect their workers from hazards. This course has been designed to help you meet all regulatory and government requirements including the Alberta Occupational Health and Safety Code.

This **two-hour** course is part of the THRIL certificate program series, developed by Gemini and well-known, highly respected industry professionals. THRIL certificates are designed to easily and inexpensively obtain essential training that leads towards recognized certification and qualifies for compulsory certification maintenance points to preserve ROH and CRSP designations. University of Calgary students completing a total of 45 hours or more training will be credited 30 hours of elective course credit toward the U of C Health, Safety and Environmental Certificate program.

On completion of this course you will be able to:

- Explain the relationship between the OH&S Act, Regulation, and Code,
- Explain the obligations under the Act of the Employer and the Worker,
- Locate and describe the various contents of the OH&S Code,
- Describe the OH&S requirements for an Emergency Response Plan,
- Describe the general workplace safety requirements listed in the OH&S,
- Identify some of the employer responsibilities found in the Code,
- Locate and describe the contents of the Schedules found in the OH&S Code,
- Describe the purpose of the Schedules found in the OH&S Code, and
- Describe the employers' obligations for the protection of workers.

THRIL assessments are also available for all THRIL courses ideal for learners that wish to challenge the course for recertification purposes.
