

eProcurement

ComplyWorks facilitates fast, efficient and secure exchange of electronic invoices and supporting documents between companies regardless of data formats and the invoicing system used.

Powered by
ProcureDox

ComplyWorks can communicate with any invoicing system in the marketplace today, making it easy for you to invoice your clients without having to understand, access and use multiple systems.

Overall Benefits

- Submit your e-invoices seamlessly to buyers, regardless of the invoicing system they use.
- Adopt and understand your clients' e-invoicing standards more rapidly.
- Save time and money by getting paid faster.

Straightforward & Fair Pricing

- Reduce the cost you spend to process an invoice by more than 50%.
- Per invoice fees; no more charges per line item or computer and no hidden costs.
- Low cost, easy setup.

Financial Advantages

- Simple and affordable.
- Decrease the payment process timeline by six to 22 days.
- Quick payment to you.
- Improved cash management.
- Integrated with multiple invoicing systems, saving you the time of accessing multiple different systems.

Large Buyer List

- Access over 200 employers including many ComplyWorks clients.
- Connect to invoicing hubs such as Oildex, Ariba, Cortex and OB10.

User Friendly

- Access eProcurement directly from ComplyWorks; no need to login again.
- Easily attach supporting documents like signed field tickets and timesheets.
- One-click invoice submission.

Excellent Customer Support

- Invoices are reviewed nightly to ensure submission accuracy.
- ProcureDox customer support is available 24/7/365.
